To Apomak,

I, Joaquim Jose da Silva Fernandes a pensioner, would like to express my appreciation to the President and staff of Apomak for all their hard work for solving my problem regarding the missed pension payment for the month of August /2016.

It is because of your quick action and work Portugal's side now will be looking into this matter. I hope this incident will not occur again as it will cause us as pensioner a lot of problems.

Once again Apomak have been a great help to me . Thank you .
